

RIIMPO315E Conduct tractor operations

This assessment will outline the participant's skills and knowledge required to conduct roller operations. This unit is appropriate for those working in operational roles.

Within this course candidates will be assessed on how to:

- + conducting prestart checks prior to commencing operations and shutdown procedures on completion of operations
- + driving and operating the equipment, and adjusting techniques to site conditions
- + completing a variety of tractor operations during the two occasions, selected from the following: post hole digging, spraying of herbicides/fertilisers, mowing/slashing, lifting, sweeping, blade based functions
- + fitting, using and removing at least two different attachments (i.e. minimum of one attachment per occasion), which must be certified and approved in line with workplace procedures and could include, but are not limited to, the following: a front blade, forklift, slasher, mower, auger, drag broom, power broom, loading platform, rotary hoe, concrete mixer, spraying equipment, disc plough
- + parking and securing equipment

In the course of the above the candidate must also:

- + locate and apply relevant documentation, policies and procedures
- + select and wear personal protective equipment required for work activities
- + carry out vehicle refuelling requirements and procedures where applicable
- + apply safe work practices, identifying and reporting all potential hazards, risks and environmental issues
- + apply problem solving and troubleshooting techniques
- + monitor and manage equipment performance using indicators and alarms
- + identify common equipment faults
- + apply tractor and attachment operating techniques
- + clean and store attachments
- + manage changes in the loads centre of gravity during transportation
- + select and use the required tools and equipment
- + use a range of communication techniques and equipment essential to the safe completion of work activity, including hand, audible and other signals
- + meet written and verbal reporting requirements and procedures associated with equipment operations
- + organise work activities to meet all task requirements

To achieve competency the candidate is required to successfully complete a practical assessment and demonstrating sufficient performance and knowledge evidence.

Assessment will occur in workplace operational situations or, where this is not available, in simulated workplace operational situations that replicate workplace conditions.

This unit alone does not provide sufficient skill to independently load and unload equipment. To perform this activity safely, personnel must either complete or be assisting someone who has completed **RIIHAN308F -Load and unload plant or equivalent**.

Course Dates: Scheduled periodically, and on request.

Cost: Varies, please contact us to discuss pricing.

Delivery Mode: Internal Delivery. Theory and practical assessment.

Duration: Determined on the experience and knowledge of candidate

Location: At our training facility or conducted at appropriate workplace site.

Outcome: Upon successful completion the candidate will be awarded a Statement of Attainment for **RIIMPO315E Conduct tractor operations**
