Darren

The information has been substantiated in an Adjudicator's ruling dated 13 May 2022. Again I ask if you are aware? And what will you and your committee do about ensuring that Quays assets are safeguarded?

Having knowledge and not acting will likely void some if not all of The Quays insurance covers.

Andy Doves

PRIVATE AND CONFIDENTIAL

Darren

Information has persisted in growing detail since 20 April 2022 from two sources regarding some events outside Emerald Lakes, that if correct could potentially impact The Quays financially.

I am not in a position to substantiate this information but I believe that you may be on the next business day.

It would be reassuring if you could confirm that you are aware. If not, we will need to have a conversation.
